

Phase 1 Scope of Work

Project Overview

This project includes the design, development, testing, and deployment of two interconnected web platforms: Aura Routes (Education & Immigration Consultancy Platform) and NursePass (Healthcare Exam Preparation Platform). Both platforms will share a common technology stack, authentication, infrastructure, and administration.

1. Aura Routes

AI Features

- AI Eligibility Checker
- AI Chatbot
- AI University Matcher
- AI SOP Generator
- AI Document Checker
- AI Visa Document Checker
- AI Scholarship Finder
- AI Blog Generator

Student Dashboard

- Home • Applications • Visa Tracker • Document Vault • AI Tools Hub • Courses • Appointment Booking • Notifications • Profile Management

Platform Features

- Appointment Booking Integration • WhatsApp & Email Notifications • WhatsApp Floating Button • English/Hindi Language Toggle • Agent Portal • University Partner Portal • White-label Tenant Portal • Inbound India Admissions Module • Commission Tracking System • Referral System

2. NursePass

Learning Modules

- Adaptive Question Bank • NGN Support • Mock Test Engine • AI Topic Analysis

AI Features

- AI Study Plan Generator • Daily WhatsApp Reminders • AI OET Writing Evaluator • AI Chat Tutor • Voice-based Mock Interview Coach • OSCE Simulation Module

Student Dashboard

- Practice • Mock Tests • Writing Evaluation • Study Plan • Courses • Certificates • Progress Dashboard • Profile

College Portal

- Batch Management • Student Progress Tracking • Bulk Upload • Reports

3. Shared Platform Features

- User Authentication • Role-based Access • Admin Panel • Payment Gateway Integration • Live Chat Support • CRM Integration • Email Notifications • WhatsApp Notifications • Analytics & Monitoring • File Storage • API Integrations • Cloud Deployment • Security & Performance Optimization

Deliverables

- Fully responsive Aura Routes platform
- Fully responsive NursePass platform
- Admin Panel
- Agent Portal
- University Partner Portal
- White-label Tenant Portal
- Production Deployment
- Testing & Bug Fixes
- Documentation
- Source Code Handover (if applicable)
